## *Our Mission:*

**Parents Alliance Employment Project is devoted to improving the quality of life for people with disabilities through individualized employment services.**

A grassroots organization started in and operated solely by parent volunteers in 1982. PAEP emphasized integrated work with support into businesses long before the national trend with the philosophy that all individuals, including people with disabilities, have the right to work in the communities in which they live.

PAEP executes its mission through various job training programs in the community to help individuals with disabilities secure employment.

Services include:

Career Counseling, Job Training, Job Readiness, Job Development, Job Placement, Job Coaching & Support.

## *The Evening:*

Join PAEP for an evening of honoring and supporting diversity and inclusion in the workplace! Be Inspired to Hire is PAEP's biggest feel-good event of the year celebrating business partners and participants.

This is an event looked forward to every year with an attendance of over 300 people who come to network, try their luck at raffles and fine wine, and indulge in drinks and hors d'oeuvres, but most importantly, support individuals with disabilities in their community!
